

The Quality policy of CNT Business Unit

We provide cutting-edge, high-quality products that contribute to our customers' technological innovations.

We shall surely implement the following to meet the quality policy.

- ★ Achieve customer satisfaction through product development, manufacturing, and sales, and promote technological innovation.
- ★ Set and implement a quality activity plan for each year, review the results, and specifically develop the quality policy.
- ★ Meet legal and regulatory requirements, as well as customer requirements.
- ★ Effectively operate the quality management system and strive for its continuous improvement.
